

WE MAKE CONNECTORS *BETTER*

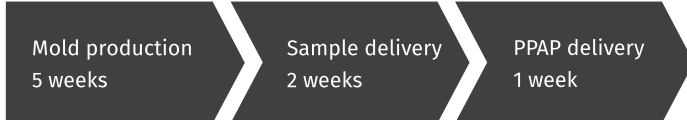

SPEED

GSN's Chinese and German SPEED DEVELOPING TEAM provides you with an optimised product solution, incl. 2D & 3D data and feasibility evaluation within 3 working days. The final design is finished within 1 week. We build stamping and injection molds within 5 weeks. Customers get samples 2 weeks later and a PPAP report after another week.

SAMPLING

QUICK INFO

Optimised solutions at market-leading development speed.

PRICE

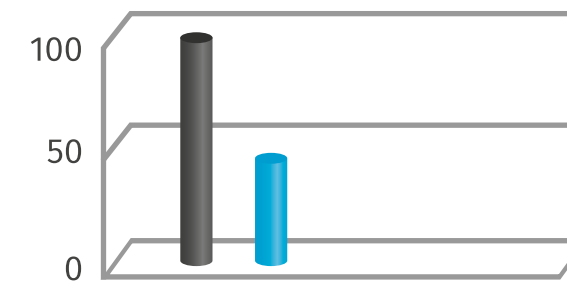

Due to GSN's high grade of automation, the low staff turnover rate, the project management set-up in China and Europe and our strong focus on efficiency, we generate the best price level on the market for custom connectors.

In addition, you can choose between an ExChina price and a Local-Service-Price, and all options in between. You only pay for what you really need.

Global Top 5 Connector Companies

GSN Electronics Group of Companies

OVERALL PRICE LEVEL

QUICK INFO

In 2016, GSN generated 53% price savings for our customers.

Best-in-class price level.

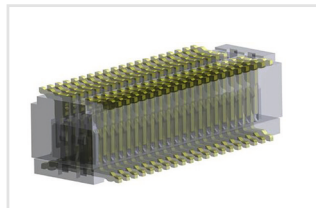

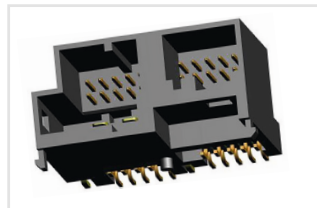

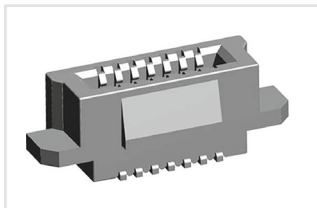

COSTS

The global set-up of GSN with Asian and European service points provides legal reliability, ideal logistics solutions and a safe local communication; all reducing your indirect costs.

GSN optimises your products with full focus on lowest total costs of ownership. Your final GSN product is often an optimised version of the original idea. It includes the GSN know-how and works to your full satisfaction at lowest total costs.

QUICK INFO

In >50% of projects, the local GSN team reduces costs for our customers by improving the design of existing products.

SOCIAL

GSN is the most socially aware manufacturer in the electronics industry. We operate a radical social business model. We invite you to create social change together.
